

About Us

Castlerigg Farm Campsite is a small family run site. It is now being run by the 4th generation of the Harrison family.

In a quiet area on the edge of Keswick, Castlerigg Farm Campsite is situated at the foot of Walla Crag.

With exceptional panoramic views of the surrounding fells, the site looks down towards Derwentwater and in the distance Bassenthwaite Lake.

Numerous scenic walks from the site reward you with breathtaking views and nearby is the ancient monument of Castlerigg Stone Circle.

Keswick town centre is approximately a 20 minute walk down through the woods, or a 5 minute drive by car.

We are a family site, catering for families and couples, not suitable for noise.

We have a rule of no noise after 10-30 p.m. Consideration for other campers is welcome.

John William Harrison started to take the first campers in the early 1930's, and found that the visitors enjoyed the views and the area.

The campsite started with a few walkers looking for a place to stay. At that time the farm was the main business, Grandad Harrison had a milk round and delivered milk by horse and cart. The cows were milked twice each day by hand, then the milk was cooled, transferred into churns and delivered.

The site is reasonably level and well drained. The boundaries of the camp field are traditional dry stone walls and hedges.

Around the Site

**We have a rule of no noise after 10-30 p.m.
Consideration for other campers is welcome.**

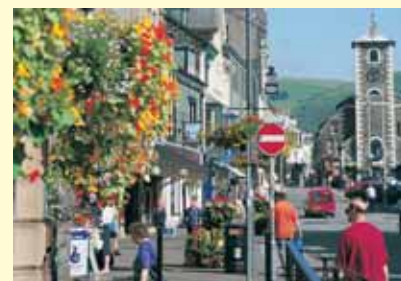

Views from the site

Local Area

Keswick offers a variety of activities including:— walking, climbing, cycling, leisure pool, water sports, fishing, golf, parks, indoor climbing wall, museums, art galleries, theatre, cinema and many restaurants, cafes and take-aways.

All of these are within easy reach of the campsite, the nearest eating place is only a two minute walk from the site.
